

Response and Reopening Plan 10/23/20

Dear SGWS Families,

In an effort to help streamline the large amount of information we are sharing weekly, we will be using headers and succinct language. For more information, please see our regularly updated [COVID-19 Information Page](#).

UPDATE: Week of 10/26

Spring Garden will remain in Hybrid Learning for the week of October 26th. Spring Garden Waldorf School will remain in hybrid mode of learning from October 26, 2020 until the air purification/ventilation units are installed in the school building. After the units are installed the mode of learning will be determined by the administration and communicated to parents and teachers based on Summit County's risk level in the Ohio Public Health Advisory System (OPHAS) as stipulated in the [Return to School Task Force's plan published on 9/25/20](#). If the Summit County risk level in the OPHAS changes to Level 4/Purple before the ventilation units are installed then Spring Garden Waldorf School will change to distance learning. This motion will expire on November 9, 2020 at which time the Board will reassess the situation.

On Fridays, we will continue to communicate the county OPHAS level along with our current and anticipated learning phase. We will continue to provide updates about the installation date of the air purification units. Our current communication with our supplier indicates that the units will be at SGWS in early November. For the latest information, please refer to the [COVID-19 School Update Section](#) of our website.

During the hybrid schedule, our distance learning students will start the day at 9 a.m. and end the day at 2:45 p.m. to allow parents time for transportation needs. On campus students arrive between 8:10 - 8:30 and will be dismissed between 3:15 - 3:35.
